

SHALLONLEGAL

Specialists in Wills, Trusts, Foundations, Dispute Resolution and Legal Advisory

Trusted advisors for high-net-worth individuals, family offices and international businesses seeking sophisticated legal solutions across the UAE and beyond.

Who We Are

Shallon Legal is a distinguished UAE-based legal practice operating under the Shallon CSP platform. We provide comprehensive legal services to private clients, family offices, corporate executives and professional advisors who require sophisticated cross-border legal solutions.

Our practice combines international legal expertise with deep knowledge of UAE regulatory frameworks. We serve as trusted advisors in private wealth planning, Trust and foundation establishment, dispute resolution and legal advisory matters.

Our approach is built on discretion, precision and a commitment to delivering bespoke solutions that protect and enhance our clients' interests across multiple jurisdictions.

What We Do

Core Legal Services

Our practice encompasses a comprehensive range of legal services designed to meet the sophisticated needs of international clients. From succession planning to corporate governance, we deliver integrated solutions across multiple jurisdictions.

Service Area	Description
DIFC and ADGM Wills	Drafting, registration, probate, guardianship and succession planning tailored to your family's unique circumstances and international assets.
Foundations & Trusts	Establishment, administration and succession planning for family wealth preservation across generations with robust asset protection in RAK ICC, ADGM and DIFC.
Legal Advisory	We advise on all legal matters, including drafting and reviewing of legal documents.
Fintech Licensing & Compliance	Financial services licensing, digital asset compliance and regulatory frameworks for innovative financial technology ventures.
Dispute Resolution	Litigation strategy, settlement negotiation and enforcement management to protect your interests and resolve complex disputes effectively.

Wills & Succession Planning

Protecting Your Legacy Across Borders

Succession planning in the UAE requires careful navigation of multiple legal systems. We specialise in DIFC and ADGM wills that ensure your wishes are honoured and your family is protected, regardless of your nationality or the location of your assets.

Our comprehensive service includes will drafting aligned with your estate planning objectives, registration with relevant UAE authorities, guardianship arrangements for minor children, probate administration and dispute resolution. We work closely with your existing advisors to create cohesive international succession strategies.

Whether you hold property in Dubai, maintain business interests across the UAE, or have a complex portfolio of international assets, our expertise ensures continuity and clarity for your beneficiaries.

Foundations & Trust Structures

Foundations

Establish robust foundation structures in the RAK ICC \ ADGM \ DIFC for multi-generational wealth preservation, asset protection and philanthropic objectives.

International Trusts

Access trust solutions across leading offshore jurisdictions including DIFC, BVI, Cayman Islands and Malta, tailored to your family's governance preferences and tax planning requirements.

Succession Planning

Integrate foundation and trust structures with comprehensive succession plans that ensure smooth wealth transfer whilst maintaining family harmony and protecting against future disputes.

Legal Advisory

Expert Guidance for Your Critical Documents

Our Legal Advisory service provides comprehensive support in the drafting, review, and negotiation of a wide array of legal documents. We ensure clarity, compliance, and robust protection of your interests, both locally and across international jurisdictions.

We regularly assist clients with essential agreements, including:

- Lease Agreements
- Shareholder Agreements
- Non-Disclosure Agreements (NDAs)
- Employment Contracts & Employee Benefit Schemes
- Service Agreements & Framework Agreements

Corporate Structuring & Governance

In an increasingly complex regulatory environment, proper corporate structuring is essential for operational efficiency, tax optimisation and asset protection. Our corporate services span UAE mainland and free zone formations, offshore company establishment and restructuring of existing entities.

1 UAE Company Formation

DIFC, ADGM, RAKEZ and mainland company setup with comprehensive licence applications and regulatory compliance frameworks.

2 Offshore Structures

BVI, Cayman, Malta, Seychelles and Nevis entity formation for international trading, investment holding and intellectual property management.

3 Corporate Governance

Director services, shareholder agreements, corporate secretarial support and ongoing compliance management across multiple jurisdictions.

Dispute Resolution

Navigating complex legal disputes requires strategic acumen and in-depth jurisdictional knowledge. Shallon Legal provides robust representation and advisory solutions across the UAE's diverse court systems, ensuring our clients' interests are protected and advanced efficiently.

Dubai Courts

Expert representation in civil, commercial, and criminal matters before the onshore UAE courts. We work with Emirati Advocates to handle litigation, enforcement of judgments, and arbitration in accordance with UAE federal laws.

DIFC Courts

Specialised advocacy in the English common law framework of the Dubai International Financial Centre (DIFC) Courts, covering a wide range of commercial, employment, and property disputes, as well as enforcement of arbitral awards.

ADGM Courts

Skilled counsel for disputes within the Abu Dhabi Global Market (ADGM) Courts, an independent common law jurisdiction. Our services include litigation, mediation, and arbitration concerning financial, commercial, and administrative issues.

Why Clients Choose Shallon Legal

Cross-Border Expertise

Our team brings deep experience across UK, UAE, European and offshore jurisdictions, enabling seamless coordination of international legal matters and multi-jurisdictional planning strategies.

Trusted by HNW Families

We serve high-net-worth individuals, entrepreneurs, family offices and professional advisors who require sophisticated, discreet legal counsel for complex wealth and corporate matters.

Client-First Approach

Our practice is built on confidentiality, responsiveness and a genuine commitment to understanding your objectives. We deliver solution-focused advice tailored to your specific circumstances.

Integrated Platform

As part of Shallon CSP, we offer seamless access to legal, fiduciary and administrative services under one roof, ensuring consistency and efficiency across all aspects of your affairs.

Jurisdictions We Cover

UAE Jurisdictions

Our comprehensive UAE practice covers the full spectrum of onshore and offshore legal environments across the Emirates.

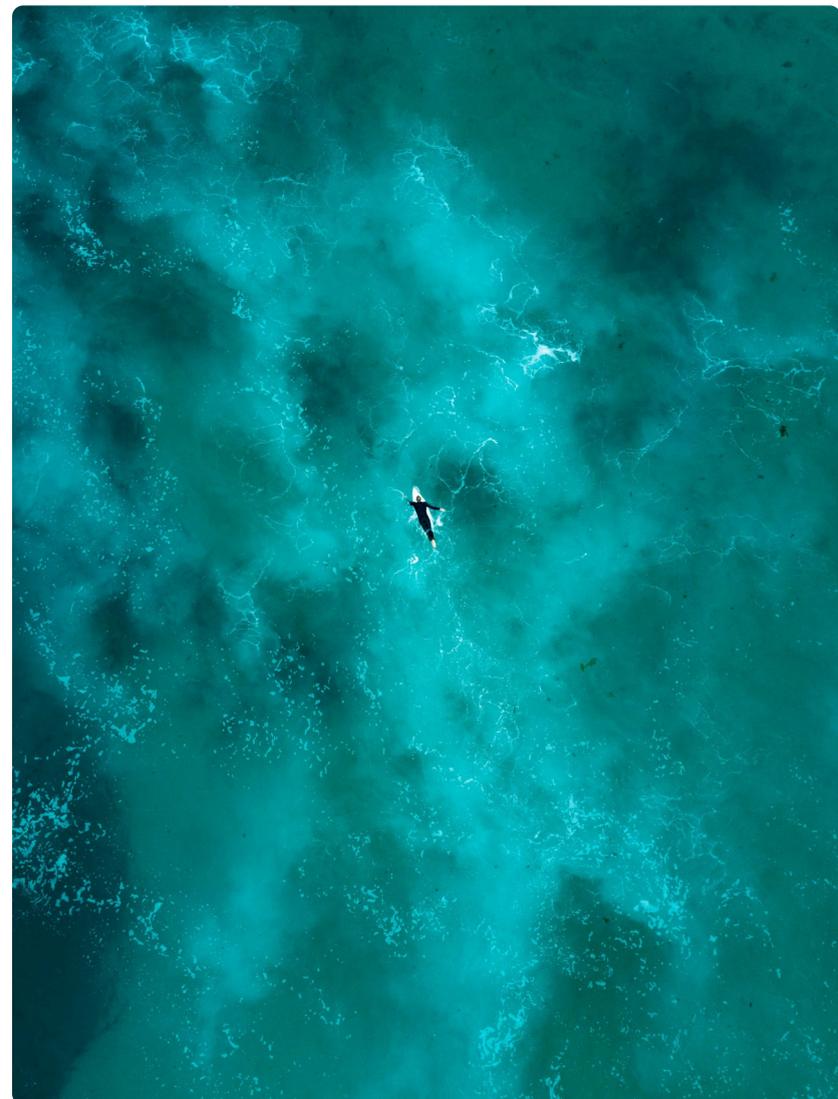

- DIFC (Dubai International Financial Centre)
- ADGM (Abu Dhabi Global Market)
- RAK ICC (Ras Al Khaimah International Corporate Centre)
- Dubai Mainland and Free Zones
- Abu Dhabi and Northern Emirates

International Jurisdictions

We maintain active practices and trusted partnerships across key offshore and European jurisdictions.

- British Virgin Islands
- Cayman Islands
- Seychelles
- Mauritius
- Nevis
- United Kingdom
- Select European jurisdictions

Fintech & Regulatory Services

The fintech landscape presents unique regulatory challenges and opportunities. Our specialist team guides financial services companies, digital asset platforms and innovative payment providers through licensing, compliance and ongoing regulatory requirements across UAE and international jurisdictions.

1 Licensing Strategy

Assessment of regulatory requirements and optimal licensing pathways across DIFC, ADGM and other relevant jurisdictions for your business model.

2 Application Support

Preparation and submission of comprehensive licence applications with supporting documentation, business plans and compliance frameworks.

3 Compliance Framework

Development of AML/CFT policies, operational procedures and governance structures that satisfy regulatory expectations whilst supporting business growth.

4 Ongoing Advisory

Continuous regulatory monitoring, compliance updates and strategic counsel as your business evolves and regulatory landscapes shift.
